PLEAD GUILTY AND ARE FINED

Two Men Create Excitement at Street Car Station

Peter Barsanti and Dominick Ellili, both of Franklin, were brought before Judge Elchert last evening and after pleading guilty, Barsanti to a charge of the careless use of firearms and Ellili to carrying concealed weapons, were fined \$20 each and released.

Various stories are told of the affair but from what he was able to learn and what the prisoners were willing to admit, Undersheriff Vivian has pieced together the following fragmentary story:

Barsanti and Ellili, both rather inebriated, were waiting in the Franklin station for a car to take them to Houghton, this being early in the evening. Ellili was rather the worse of the two and was making a general nuisance of himself and was indulging his rather crude sense of humor by rushing around through the crowd, pushing people off the platform and making himself generally obnoxious. Finally he came to Barsanti and in the encounter struck him with his fist according to one story and cut him in the back with a razor according to another. At any rate Barsanti felt he had cause for anger and he pulled his gun and fired five shots which he claims were fired into the air with the purpose of frightening the aggressor and which other witnesses claim were aimed at Ellili. A woman in the crowd says that three of the five shots missed her by a narrow margin while one of them broke a plate which she was carrying in her hand at the time.

Undersheriff Vivian was called out at once and on his arrival found that the Hancock police had preceded him and were searching suspects for weapons. After some time the police managed to secure the names of the participants and as they were unable to locate them at the time, waited until last evening before going to Franklin and making the arrests. Officer Jack Wright made the arrests and brought the parties to Hancock.

TO BRING GODFREY HERE.

Promoter Callahan Planning to Bring Boxer Here For Match.

Richard Callahan of Hancock, the promoter who has given the copper country fans an opportunity to see some good boxers in action is now planning on bringing Art Godfrey of Minneapolis here as soon as possible and matching him with some good man.

When Godfrey boxed here about two months ago, a challenge was read from Eddie McGorty challenging the winner of the match to a bout to be staged before the copper country public. Godfrey won the bout in easy style and then asked that McGorty meet him as per his challenge, but McGorty, while willing to meet Godfrey asked for terms that were way out of reason and the match was not staged.

Godfrey recently met "Cyclone Johnson" Thompson and took a bad beating after outboxing Thompson throughout the first seven rounds. Mr. Callahan received a letter from Godfrey yesterday in which the boxer of the fight explained that he lost the bout through his own rashness in meeting Thompson at catch weights and in working too hard through the early rounds while Thompson, with twenty pounds advantage in weight and practically

WISCONSIN WOMAN'S FORTUNE

Freed From Pain, Weakness,
Terrible Backache and De-
spair by Lydia E. Pink-
ham's Compound.

Coloma, Wis.—"For three years I was troubled with female weakness, irregularities, backache and bearing down pains. I saw an advertisement of Lydia E. Pinkham's Vegetable Compound and decided to try it. After taking several bottles I found it was helping me, and I must say that I am perfectly well now and cannot thank you enough for what Lydia E. Pinkham's Vegetable Compound has done for me."—Mrs. JOHN WESTLAND, R.F.D., No. 3, Box 60, Coloma, Wis.

Women who are suffering from those distressing ills peculiar to their sex should not lose sight of these facts or doubt the ability of Lydia E. Pinkham's Vegetable Compound to restore their health.

There are probably hundreds of thousands, perhaps millions of women in the United States who have been benefited by this famous old remedy, which was produced from roots and herbs over 30 years ago by a woman to relieve woman's suffering. If you are sick and need such a medicine, why don't you try it?

If you want special advice write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

unfatted, bore in during the latter rounds and won the match. Thompson has promised to meet Godfrey again in a short time according to Godfrey's letter and in this meeting Godfrey hopes to win back whatever he may have lost in the first match.

CALUMET HERE SATURDAY.

Second Clash Between Hancock and Calumet Should be Good Game.

The Calumet high school football team and the Hancock team will meet next Saturday afternoon at the Hancock driving park in the last game of the season for the Hancock squad and in the second meeting between these two teams.

The first game between Hancock and Calumet was played at Calumet about three weeks ago and resulted in a bad defeat for the Calumet squad. Since then Hancock has met Houghton and has taken a hard fought game from their old rivals while a supposedly strengthened Calumet team went down to defeat at the hands of the Houghton eleven.

Calumet, in their coming match with Hancock, should show a great reversal of form over their early season showing however and should be in condition to give Hancock a great battle for the honors. The Calumet team have always opened their seasons somewhat weakened from lack of experienced men and have generally breed up later and played a championship brand of football. The last year's team lost to Houghton early in the season and on the second meeting between the two teams, kept Houghton from scoring and were the only copper country high school team to lower the colors of the champions.

RECEPTION PLANS.

The copper council of Hancock, United Commercial Travelers is making elaborate plans to entertain the visiting grand lodge officers who are to be here on Oct. 19. The committee is not quite ready to report as yet but has about finished its work.

A program of music and speeches and a banquet in Kauth hall are among the present plans while the visiting officers are expected to deliver some short addresses to the travelers.

QUINCY TEAM WANTS GAMES.

The Quincy One and All football team is anxious to secure some more games according to the members and is especially anxious to meet some of the northern county teams. The team has been rather unfortunate this year in its scheduled home games, several of them having been called off at the last minute and leaving the Quincy team without a game for that date. Last Saturday the team was to have met the Painesdale team at Quincy but the Painesdale team was unable to come and so no game was played.

MACCABEES MEET TONIGHT.

Ingot Tent, Knights of the Modern Maccabees will hold a meeting in Kauth hall this evening for the initiation of a class of candidates and a social session for the reception of the new members. The Hancock tent of the Maccabees has increased greatly in membership this past year and the members are attempting to make an even better record during the coming year.

OLD OFFICER IS HONORED.

Mrs. Albert Rothengass of Houghton was honored by St. Mary's court, Woman's Catholic Order of Foresters at a recent meeting, being the recipient of a cut glass vase presented as a token of the esteem in which she is held by the members of the society.

Mrs. Rothengass was formerly Miss Katherine Keuler of this city and for a number of years served as financial secretary of the court.

INSPECTOR VISITS HANCOCK.

Here to Investigate Request for Another Mail Carrier.

M. E. Schlachbach, postoffice inspector with headquarters in Marquette arrived in Hancock yesterday to investigate the request of Postmaster Rogers for another carrier for the Hancock office.

COUNCIL TO MEET.

A regular meeting of the city council will be held tomorrow evening. Outside of the routine work and the preparations for registration and election, nothing of importance is likely to come before the meeting.

HANCOCK BREVITIES.

F. M. Peniston has gone east on a business and pleasure trip.

Carl Ruhl has returned from Germany where he spent ten weeks visiting with relatives whom he had not seen in 30 years. Mr. Ruhl says the trip was a pleasant one and he not only met many old friends, but made many new ones.

J. C. Donahue sent six painters to Pequaing yesterday where he has a contract for painting two school buildings.

A celebration was held at the home of Mr. and Mrs. Joseph Monticello Sunday afternoon, the occasion being the baptizing of a daughter which recently arrived at their home. The child has been named Marie Louise.

It was announced yesterday that Frank Freeman and Miss Agnes Balm of this city were married Sept. 24. Rev. A. E. Healey, formerly pastor of the

GOES BACK TO YEAR 1716

Oldest Structure in Berks County, Pennsylvania, Was Built by Swedish Settlers at That Time.

Douglasville, Pa.—Of much interest to automobilists passing through the Schuylkill valley is the old Swede house here. The historic structure, the oldest building in Berks county, marks the northernmost settlement in the state of the Swedes, who were the first white settlers of Pennsylvania. The building was erected in 1716 and with the exception of slight alterations stands as it did nearly two centuries ago.

The Swedes who penetrated the unknown wilderness were a part of the colony which effected the first settlement on the Delaware in 1638. At that time this section of Pennsylvania was known as New Sweden. The question of encouraging the settlement of this region by the Swedes

Oldest House in Berks County.

had been considered by the king of Sweden a decade prior to that, but his war with the Germans and his subsequent sudden death delayed and nearly ended the project.

A part of the congregation of the old Swedes' (Gloria Dei) church, which is now embraced in Philadelphia, under the leadership of Andrew Rudman, made an exploration of the Schuylkill in 1701 for the purpose of establishing an inland trading post with the Indians. They found suitable land several miles north of the Manatawny creek, where William Penn, the new proprietor of Pennsylvania, granted them 10,000 acres.

The settlement was named Morlaton and the Swedes lived in harmony with the Indians and thrived there long before the advent into the region of the English and German settlers. Their descendants are found in the locality to this day. Some of them, whose names are still perpetuated, were Andrew Hanson, Benjamin Burden, Peter Boon, Benjamin Boon, Justin Justason, Mounce Justice, John Cook, Peter Cook, Otto Ernest Cook, Jacob Cullin, Matthias Hulston, Morton Murris, Peter Yocum and Mounce Jones.

The old house above mentioned was built by Mounce Jones, who had one of the largest tracts under cultivation. It stands on the east bank of the Schuylkill, hidden on all sides by large trees. A road connecting the two highways on either side of the river now passes directly in front of it, from which the old date stone in its upper walls, bearing the date 1716, is easily decipherable. The building is now used as the headquarters of a boat club.

HIS TRUST IS IN THE BIBLE

Kaiser Declares He Solves All Questions, Even of a Political Nature, by the Scriptures.

Paris, France.—Rene Puaux, the military expert of the Temps, who was in close contact with the German emperor during the recent maneuvers of the Swiss army, quotes the emperor as summing up his satisfaction with the work of the troops in a conversation with President Forrer in the words:

"Your army saves me six army corps."

The emperor in conversation constantly insisted upon the necessity of understandings as the best means of dissipating suspicion, and declared his personal desire to maintain peace. On one occasion, in emphasizing this in conversation with President Forrer, the emperor intimated to the president that he acquired much of his inspiration from the bible.

"I don't care much for priests and clergymen," said the emperor. "They dilute the gospel with too much of their own dogma. I hold to the bible, which I constantly read and reread. In it one finds the solution of every difficulty, of every problem, even of a political description."

It is known that the emperor's main object in attending the maneuvers was to convince himself of the ability of the Swiss army to make the neutrality of the country respected in case of war, and his remark is interpreted to mean that by the Swiss army forming a screen to prevent the French from invading Germany through Switzerland, the Germans could release six army corps in south Germany for service in Alsace-Lorraine or along the Belgian frontier.

Philadelphia Baptist association has celebrated its two hundred and fifth anniversary.

Pewable Methodist Episcopal church performed the ceremony.

Mrs. Charles Fish has returned to her home in Escanaba after a visit at the home of Mr. and Mrs. Leo Eberts.

The Misses Gertrude and Sophie Funke left Sunday for a visit in Chicago.

Miss Edith Yauch of Houghton and Russell Ople of Hancock were married Saturday evening by Rev. Reuben Crosby, pastor of the First Methodist Episcopal church.

Physical Culture on Beach

During the summer months at Hastings, England, classes in physical culture are maintained on the beach, attracting much interest and arousing the admiration of visitors. The pupils are all children, and they are put through their exercises dressed in bathing suits.

ONLY PERFORMING TURTLES WELL THAT IS BOTTOMLESS

The turtle is one of the slowest of creatures in its movements and possesses little brain. Yet a well-known American naturalist has succeeded in training three of these creatures to do a number of little tricks. He places them, one above the other, on poles, as depicted in the photograph given above. If a piece of cabbage or other green stuff is held out in front of them they will make a complete circuit, all moving in unison, keeping their balance and not tumbling off. The bigger turtle will also ring a bell. This it grasps in one of its forefeet, jerks it off the ground, and then gives it a shake. It is quite amusing to watch the slow, deliberate manner in which this is done. The turtles live in their owner's house, spending their time in the kitchen hunting down the vermin.

HOLDS PLANE STILL IN AIR

The Tagliche Rundschau of Berlin says it learns that a German engineer has made a remarkable invention, permitting an aeroplane to remain stationary in the air at a given point for an indefinite period. The form of aeroplane for which this amazing accomplishment is claimed is said to differ radically from any heavier than air machine hitherto constructed.

The military authorities are said to be enthusiastic over the new invention, as it opens up incalculable possibilities in observation and the dropping of explosives.

CHILDREN HATE CASTOR OIL, UGH!

DELICIOUS "SYRUP OF FIGS"
CLEANSSES THEIR LITTLE
CLOGGED BOWELS.

Look back at your childhood days. Remember the physic that mother insisted on—castor oil, calomel, cathartics. How you hated them, how you fought against taking them.

With our children it's different. The day of harsh physic is over. We don't force the liver and 30 feet of bowels now; we coax them. We have no dreaded after effects. Mothers who cling to the old form of physic simply don't realize what they do. The children's revolt is well-founded. Their little stomachs and tender bowels are injured by them.

If your child is fretful, peevish, half sick, stomach sour, breath foulish and its little system full of cold, has diarrhoea, sore throat, stomach-ache; doesn't eat or rest well—remember—look at the tongue, if coated, give a teaspoonful of Syrup of Figs, then don't worry, because you surely will have a well smiling child in a few hours.

Syrup of Figs being composed entirely of luscious figs, senna and aromatic simply cannot be harmful. It sweetens the stomach, makes the liver active and thoroughly cleanses the little one's waste-clogged bowels. In a few hours all sour bile, undigested fermenting food and constipated waste matter gently moves on and out of the system without griping or nausea.

Directions for children of all ages, also for grown-up, plainly printed on the package.

By all means get the genuine. Ask your druggist for the full name "Syrup of Figs and Elixir of Senna" prepared by the California Fig Syrup Co. Accept nothing else. (Advertisement)

Billiousness is Bad Enough

in itself with its headaches, sour stomach, unpleasant breath and nervous depression—but nervousness brings a bad train of worse ills if it is not soon corrected. But if you will clear your system of poisonous bile you will be rid of present troubles and be secure against others which may be worse.

BEECHAM'S PILLS

act quickly and surely—they regulate the bowels, stimulate the liver and kidneys—tone the stomach. Then your blood will be purer and richer and your nerves won't bother you. The whole world over Beecham's Pills are known as a most efficient family remedy, harmless but sure in action. For all disorders of the digestive organs they are regarded as the

Best Preventive and Corrective

The directions with every box are valuable—especially for women. Sold everywhere. In boxes 10c., 25c.

LIGHTNING IN THE TROPICS

Thunderstorms never occur in the Arctic regions. Nearer the equator the more severe the electric manifestations. In certain parts of Central Africa the average run of thunderstorms is 250 days a year, yet there are some very curious exceptions. In Sumatra and Java, both very hot climates, there are only 32 storms yearly, and in Borneo only about 50. The gold coast of Africa has only about 60 a year, which is less than occur in Florida, though the latter country is outside the tropics.

In Java there is a thunderstorm every day for five months. Perhaps the most astonishing fact in regard to thunderstorms is that the island of Mauritius, which is only 550 miles east of Madagascar, has on an average only one thunderstorm in 80 years.

Yet in Madagascar the lightning is more destructive than anywhere else in the world, the annual number of deaths being more than 300.

Thought They Were Mere Bills!
"Why don't you answer my notes?" asked a woman of another woman she had greeted effusively. "I have written you four notes during the last two weeks and not a single reply."

"O, were those four letters I thought they were merely bills, so I didn't open them."

Brooklyn's realty taxation valuation totals \$22,066,343.

Buffalo is expelling slot machines.

GERMANY'S WOMAN OFFICIALS

Germany has 11,000 women filling honorary offices in cities and on charity boards. In 165 municipalities 7,000 women are in active service for the care of the poor and orphans. In 115 towns there are women serving on the school boards. The Union for Motherhood Protection is said to be the only woman's organization which receives the approval of the kaiser. This society was founded by Frau Stoecker and numbers its members by the thousands, including every class and condition, men and women, in Germany.

CHANGING THE CAT'S FUR

A remarkable transformation of a cat's fur by temperature has been reported. A black cat was accidentally shut in the refrigerating chamber of a mail steamer in Sydney harbor, Australia, and was not discovered until about 32 days later, when the ship was off Aden. The cat was scarcely recognizable, the fur having become long and thick, changing to white on the back. Brought out in the intense heat of the Red sea, the heavy white coat rapidly fell out and the normal coat was restored.

Cleveland is taking steps toward municipal ownership of telephone system.

Kansas City packers say 1912 is banner year of business.
